Course Content

5.1 Reading the English Texts

- The main text is written in English. Students are expected to read the assigned chapters in English before each class. Students are encouraged to use dictionaries and other resources to help them understand the text.
- In each class, the instructor will explain the main points of the assigned chapter and discuss any questions or difficulties that students may have. Students are encouraged to ask questions and participate in the discussion.

5.2 Presentations

- Groups will normally consist of two or three students; the final number of groups will be determined after enrollment is finalized.
- Each group will choose one paper from a reading list provided by the instructor.
- Each group will have 30–45 minutes for its presentation and the discussion that follows. Two groups will present in each session.
- The presentation order will be announced on December 4. Please form your group by that date.
